

Brdovec Zagreb, Croatia

Urban

“If Brdovec has good results as an ETU Flagship Case, our model can be replicated in other Croatian municipalities, ensuring access to clean energy without leaving anyone behind.”

Introduction

Brdovec is the largest municipality in Zagreb county. In 2013 Brdovec developed a Sustainable Energy and Climate Action Plan (SECAP), committing to face the impacts of climate change through its energy production and consumption.

Općina Brdovec je najveća županija u Zagrebačkoj županiji. Općina Brdovec je 2013. godine izradila Akcijski plan energetske učinkovitosti (SEAP), čime se obvezala na aktivnu borbu i prilagodbu klimatskim promjenama.

Goals as a Flagship Case

- Reduce CO2 emissions from buildings, transport, and public lighting by at least 21%
- Enhance the local governments' capacity to carry out renewable energy and energy efficiency activities

Glavni ciljevi sudjelovanja u projektu

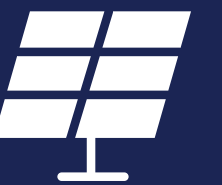

- Smanjiti emisije CO2 iz sektora zgradarstva, prometa i javne rasvjete za najmanje 21%
- Osnažiti kapacitete zaposlenika javne uprave i javnih poduzeća za provedbu projekata iz područja obnovljivih izvora energije i energetske učinkovitosti
